notes:

Just over fifteen hundred square feet, The Ashland is a great unit for friends to share. Enjoy walking into an apartment with a half bathroom immediately to your left and a corner kitchen to your right. On the flip side of your coatroom, you have your washer, dryer, and water heater concealed in a closet, so you don't have to look at your laundering appliances while eating in your dining and living room. A snack bar counter connects your kitchen to your dining room, making setting the table a simple chore. In the back corner of the first floor, the stairs lead to the second floor with the door to your first bedroom on your right. The full bathroom is at the end of the hall with the second bedroom across from the first, making for a fun living situation while being able to seclude yourself for relaxing alone time. Both bedrooms feature lavish walk-in closets so you can keep all your clothes tidy and off the floor.
