notes:

Walk into your apartment and find a closet to hang your jacket and kick off your shoes directly to the right. With your shoes, off, walk straight into your bathroom to wash the grime of the world off your body before heading straight to bed in your ten and a half by fourteen and a half foot room. Perhaps you aren't tired, and you'd rather get to work in your ten-foot three-inch by twelve-foot den on the other side of your interior wall. If you need something to eat before bed, your kitchen has an island for you to sit down and enjoy a midnight snack, otherwise, you can always munch in the comfort of your thirteen and a half by sixteen-foot living room.
