Perfect for the professional, The Kingston is one thousand six hundred six square feet of practicality. Upon entry, you will find your washer and dryer in the same closet as your hot water heater to your right followed by your coatroom. To the left of your front door is your half bathroom with your staircase leading to the bedrooms. As you walk through the first floor, you will be immersed in your living room, with your kitchen and snack bar tucked around the corner to the right. At the top of the stairs, the door on the angle is your first bedroom which has its own walk-in closet. As you walk down the hallway, the door on your left leads to your full bathroom with your second, larger bedroom with a likewise larger walk-in closet. At the end of the hallway, The Kingston gives you plenty of privacy with the ability to hose entirely on the first floor.
